Overview

Joshua Explorer Tours and Travels are specialists in VIP chauffeur drives, excursions and conference management. We are a small company with huge pedigree of achievements. We are your partner of choice in the tourism and travel value chain.

How did we start?

We started from humble beginnings but with a number of supporters. The seeds of the company were sown from being a metro cab taxi driver. Starting with one old car and R1, 500 borrowed money 15 years ago; we persevered and worked hard to please our very few early clients. Their support was unwavering as was our commitment to serve them. We have built a reputation amongst our clients and peers alike with integrity, honesty, and dedication and hard work culminating in an ETEYA Award (Emerging Tourism Entrepreneur of the Year) in 2005.

Our Empowerment Credentials

We are a black owned company with 100% equity held by historically, disadvantaged individuals (HDI's). We support women empowerment and as such in 2008, 35% of the company equity was allocated to black women. We are committed to being an equitable employer and in this regard we have met and exceeded our affirmative action targets in all aspects. Our commitment to being an equitable employer is further entrenched in our commitment to continually up skill our staff.
