# ABOUT US

TBTJ Construction & Projects is an SMME company positioning itself to participate and compete in delivering high quality civil and building construction projects. Our key focus is to deliver superior quality projects which are on time all the time with much emphasis on safety.

TBTJ Construction & Project is 100% black woman owned entity which has a flat management structure enabling rapid decision making and quick turnaround times on Projects.

As a start up business we have identified and formed key strategic partnerships and relationships with highly experienced and knowledgeable workforce which are prepared to partner or perform knowledge transfer where necessary.

Our ambition is to be one of the leading civil Construction companies in Africa.
